

# **Towards zero emission power generation from fossil fuels**

**Pietro Barbucci**

**Enel - Engineering & Innovation Division**

International Energy Conference "Technological Basis for Creation of Russia's New Energy"

Moscow, 25-26 November 2010

# Content

- The Enel group
- Increasing efficiency and reducing emissions
- Clean coal is available
- Zero emissions by CO2 Capture and Storage (CCS)
- The Enel's CCS demonstration project
- Financial and regulatory challenges in demonstrating and deploying CCS
- The role of R&D in accelerating CCS competitiveness
